WHAT Irvine may appear in the year 1946 staggers most of us. This, however, we know, that certain agencies are at work, which, methinks, augur well for the future. A Postal Directory is one of these. A Guide to a town and its environments is necessitated from the haste at which our commercial world is travelling. Amongst those who read an "Irvine Postal Directory" may be some who, attracted by the natural advantages which surround Irvine—the advantages of a sea-board coast; its ownership of free lands and other emoluments; its mineral wealth; its railway facilities, etc., etc., which, in the past, have not had that attention bestowed on them which they demand. That the information thus gained by the stranger may induce some at least to remain, and in their remaining and mixing amongst us may throw new light on matters of much importance to us as members of a community, that we may be roused from our historic lethargy, and instead of our town remaining stationary (nay, rather, methinks its position at the present time is rather retrogressive). With the aid of the incomer, the capitalist, and the man of progress, Irvine may yet attain to that position nature intended her to occupy. That agencies similar to a "Postal Directory" cause people to become more cosmopolitan, cannot be gainsaid. That such a people are more progressive in their dispositions, and broader in their views, is apparent, even to the casual observer. That prejudice and bigotry against the incomer is dying a natural death here, is apparent on all hands.

That a chief magistrate, himself a pioneer of commercial industry, declares, and gives it as his opinion, that the Common Good was given for other purposes than the relief of the rates, is a far-reaching one, and in my opinion, when carried into practice, strikes the key-note of Irvine's future. Let all of us who wish well of Irvine's future, rally round our public men, whose aim and purpose is, the advancement and prosperity of our town. When such a consumation is completed, you will find the "Globe House" making another addition to its presently enlarged premises—then the "Globe House" will appear more and more in line with the times, and as in the past, a pioneer in the development of the drapery trade. In the "Globe House" you meet no 'Kruger regime' clogging the van of progress. Over the "Globe House" are no rack-renting unscrupulous landlords, the property belonging to the occupiers. In the "Globe House" are Bargains and Attractions too numerous to mention. That you come and inspect them is the sincere wish of

Yours truly,

GENERAL POSTAL REGULATIONS.

INLAND LETTERS.

RATES OF POSTAGE.

1. The prepaid rates of postage are as follows :—

Not above 1 oz.	-	-	-	1d.
Above 1 oz. but not above 2 oz.	-	-	-	1½d.
„ 2 oz.	„	4 oz.	-	2d.
„ 4 oz.	„	6 oz.	-	2½d.
„ 6 oz.	„	8 oz.	-	3d.
„ 8 oz.	„	10 oz.	-	3½d.
„ 10 oz.	„	12 oz.	-	4d.
„ 12 oz.	„	14 oz.	-	4½d.

And so on at the rate of ½d. for every additional 2 oz.

2. A letter posted unpaid is chargeable on delivery with double postage ; if insufficiently paid, with double the deficiency.

3. No letter may exceed 18 inches in length, 9 in width, or 6 in depth, unless it be sent to or from a Government Office.

NEWSPAPERS.

1. The prepaid rate is as follows :—

Every registered newspaper, whether posted singly or with others in a packet ½d.

A packet containing two or more registered newspapers, however, is not chargeable with a higher rate than would be chargeable on a book packet of the same weight.

2. A newspaper or a packet of newspapers posted unpaid is chargeable on delivery with double postage ; if insufficiently paid, with double the deficiency.

INLAND BOOK POST.

The following are the regulations for the Inland Book Post :—

The postage is one halfpenny for every 2 oz. or part of that weight.

A packet posted wholly unpaid is charged with double the book postage ; and if posted partially prepaid, with double the deficiency.

A book packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination ; otherwise it is treated as a letter. For the greater security of the contents, however, it may be

tied at the ends with a string ; Postmasters being authorised to cut the string in such cases, although if they do so they must again tie up the packet.

Circulars, *i.e.*, letters which, according to internal evidence, are being sent in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed, may also be sent by Book Post.

No Book Packet may be above 5 lbs. in weight, 18 inches long, 9 inches wide, or 6 inches deep.

ABUSE OF THE BOOK POST.

It seems to be but imperfectly understood that there is no legal way of sending a letter, other than a circular letter, through the post for a postage of a halfpenny, except by means of a post-card.

A notion appears to prevail that, because a postcard which is open to inspection may have a letter written or printed upon it, any card whatever, and even any piece of paper, if only it be placed in open wrapper, may be sent through the post with a letter written or printed upon it for a postage of a halfpenny.

It seems necessary, therefore, to explain for the guidance of the public—

That the letter rate of postage must be prepaid for any communication of the nature of a letter, whether it be placed in a closed envelope or in an open cover, unless a postcard be used for the purpose, or unless the letter be a circular letter—*i.e.*, a letter having internal evidence that it is intended for transmission, in identical terms, to several persons, and the whole or greater part of which is printed, engraved, or lithographed.

Large numbers of letters, not being circular letters, are from time to time found in halfpenny wrappers, contrary to the express provisions of the Book Post ; and, as the officers of the department are instructed to surcharge all such letters with additional postage, it will save not only trouble to the Post Office but annoyance to the public, if care be taken always to pay letter postage for letters other than circular letters, unless they be written or printed on postcards.

POST CARDS.—OFFICIAL AND PRIVATE.

1. Official Post Cards, impressed with a halfpenny stamp, and official Reply Post Cards, impressed with a halfpenny stamp on each portion of them, can be bought at every Post Office.

2. The address, the sender's name and address, and a request for return in case of non-delivery, but nothing else may be written, printed, or otherwise impressed on the front (or stamped) side. Nothing whatever may be attached, except adhesive stamps in payment of additional postage or stamp duty, and a gummed label (not to exceed 2 inches long and $\frac{3}{4}$ inch wide) bearing the address at which the card is to be delivered; nor may the card be folded, cut, or otherwise altered. If any of these rules be infringed, the card ceases to be a Post Card, and is treated as a letter liable on delivery to the usual charges.

PRIVATE CARDS.

3. A Private Card becomes a Post Card when it has a half-penny stamp affixed to its face. It must be composed of ordinary cardboard, not thicker than the material used for the Official Post Card. The maximum size must correspond as nearly as may be to the size of the Inland Official Card, and the minimum size must not be less than $3\frac{1}{4}$ by $2\frac{1}{4}$ inches. The rules stated in the preceding paragraph also apply to Private Cards, with one exception, viz.—that which relates to cutting and altering. The essential feature of the private Post Card is that it must be prepaid. A Private Card without a postage stamp is not a Post Card but a letter. For instance, an unpaid Private Card, weighing less than 1 oz., would be charged 2d.

INLAND PATTERN AND SAMPLE POST.

1. Trade Patterns and Samples of Merchandise may be sent between places in the United Kingdom, at the following rates of postage:—

For a packet weighing not more than 4 oz. ...	1d.
For a packet weighing more than 4 oz. but not more than 6 oz. ...	1½d.
For a packet weighing more than 6 oz. but not more than 8 oz. ...	2d.

2. If a packet be posted wholly unpaid, it will on delivery be chargeable with double postage; a packet posted insufficiently paid will be chargeable with double the deficient postage.

3. No packet may exceed 8 oz. in weight. The limits of dimensions are 12 in. by 8 in. by 4 in. If either of these conditions be infringed, the packet will not be forwarded, but will be returned to the sender.

DEFINITION OF PATTERNS AND SAMPLES.

4. This Post is intended for the transmission of *bond-fide Trade Patterns and Samples of Merchandise*, and packets may consist only of such Patterns and Samples, with or without any document which is admissible by Book Post. No article sent for

sale, or in execution of an order, or otherwise than as a trade pattern or sample, will under any circumstances be admissible; and if any such packet be posted prepaid at the pattern-rate only, it will be charged with double the deficient postage, *at the letter-rate*, together with a fine of 6d.

RE-DIRECTION.

1. No letter, post card, book packet, sample packet, or newspaper (see re-direction of parcels) is charged for re-direction, whether re-directed by an officer of the Post Office, or by an agent of the addressee after delivery, provided only in the latter case that the letter is re-posted within 24 hours (excluding Sundays and public holidays) after delivery, and that it does not appear to have been opened.

Re-directed letters re-posted more than 24 hours after delivery, or which appear to have been opened, will be liable to charge (unless paid a fresh postage) as unpaid letters.

2. If an inland registered letter, when re-directed, instead of being taken back to the Post Office to be dealt with as a registered letter, is dropped into the letter-box as an ordinary letter (the word "registered" not having been erased or having been erased in pencil only), it becomes liable to the same treatment as any other letter which is marked registered and found in the letter-box, and must be surcharged with a registration fee of 8d *minus* the value of any stamps already fixed for the registration.

3. Notices of removal, and applications for letters to be re-directed, must in all cases be duly signed by the persons to whom the letters are addressed, and in provincial towns they must be sent to the local Postmaster. Printed forms of notice can be obtained at any Head or Branch Office, or from the postman of the walk; and when filled up and signed, they should be given to the postmaster of the district or to the postman; but owing to the frequent removals which take place in the Metropolitan district, it is desirable, for the prevention of mistakes, that persons who are about to change their residence should inform their correspondents beforehand of their intention, so that their letters may be directed in the first instance to their new address.

4. A Postmaster is not bound to re-direct for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited.

INLAND PARCEL POST.

Parcels not exceeding 11 lbs. in weight are received at any Post Office for transmission between places in the United Kingdom.

In order that a packet may go by Parcel Post it must be tendered for transmission as a parcel, and should bear the words "Parcel Post," which should be clearly written in the left-hand top-corner.

Every Post Office is open to the public for Parcel Post business on week days during the same hours as for general postal business. No Parcel Post Business is, as a rule, transacted in England or Ireland on Sundays, Christmas Days, and Good Fridays ; nor in Scotland on Sundays.

The following are the principal conditions and regulations :—

The size allowed for an Inland Postal Parcel is :—

Greatest length, 3 ft. 6 in.

Greatest length and girth combined 6 ft. 0 in.

For example—

A parcel measuring 3 ft 6 in. in its longest dimension may measure as much as 2 ft. 6 in. in girth, *i.e.*, round its thickest part ; or—

A shorter parcel may be thicker ; thus if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*, round its thickest part.

The most convenient mode of measuring is by means of a tape 6 ft long, having the length of 3 ft 6 in marked thereon. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible. Such a tape, if provided by stationers, may conveniently be marked in one colour up to 3ft. 6in., and the remaining portion in another colour.

The rates of postage are—for a parcel—

Not exceeding 11lb in weight, 3d

Every additional lb. or fraction of a lb. up to 11lbs., 1½d extra.

Compensation for loss or damage will be given subject to certain regulations, in accordance with the following table :—

Without payment of fee, to amount not exceeding £2.

On payment of Fee.	Limit of Compensation.
2d	£5
3d	10
4d	15
5d	20
6d	25

No parcel is accepted which weighs more than 11lbs., or is not sufficiently paid. The postage must in all cases *be paid in advance*, and by ordinary postage stamps, which must be affixed by the sender before rendering a parcel for transmission by Parcel Post at a Post Office.

Parcels must not be posted in a letter box, but must be taken into a Post Office, and handed over the counter. Care must be taken that every parcel bears a clean address.

A parcel bearing the words "Parcel Post," or otherwise marked for transmission as a parcel, and posted out of course in a letter box, must be forwarded as a letter or book packet if it is fully prepaid at the rate proposed to either, and it is otherwise in accordance with the regulations of the Letter or Book Post.

If it does not comply with the above conditions, but is fully prepaid at the Parcel rate and is otherwise in accordance with the Parcel Post regulations, it will be forwarded by Parcel Post and charged with a fine of 1d together with the deficient postage, if any, at the Parcel Post rate.

The address of a parcel must be clearly written either on the outer wrapper or on a separate address label securely fastened to the parcel; and the necessary stamp or stamps, to prepay the postage, must in all cases be placed as in the case of letters close above the address.

Parcels which bear on the outside any writing or drawing of an indecent or offensive nature, or within which any contents of a like nature may be observed, and parcels containing gunpowder, cartridges, lucifer matches, or anything explosive or liable to sudden combustion, bladders containing liquid, live animals, grossly offensive or filthy matter, and anything in a condition likely to injure other parcels or any officer of the Post Office, are prohibited.

If such parcel be tendered for posting, it is refused, or, if detected in transit, it is detained. Parcels containing fish, game, meat, eggs, &c., or razors, scissors, needles, knives, forks, or other parcels, may be sent by Parcel Post if packed with special care. Liquids, or semi-liquids, such as jellies, pickles, paint, varnish, &c., are not accepted unless in bottles or cans, securely stoppered; nor powders, unless so packed that they cannot escape in transmission. Bottles or glass in any form can be accepted only when so packed as to be secure from breakage. If a parcel be tendered in a damaged or insecure condition, or in a condition likely to injure other parcels or any officer of the Post Office, it is refused. If a parcel in such a condition be observed in transit, it is, if possible, made secure and sent forward; but, if it cannot be so secured, it is retained.

Parcels known to contain a letter, packet, or parcel intended for delivery at an address other than that borne on the parcel itself, are prohibited.

RE-DIRECTION OF PARCELS.

A charge at the full rate of postage originally payable is made for every re-direction of a parcel, unless the original address and

the corrected address are in a delivery from the same Post Office, and the parcel is not at the time of re-direction lying at a Returned Letter Office. In such cases no additional charge is made for re-direction. Parcels, like other postal packets, can only be re-directed by the Department upon receipt of an authority duly signed by the person to whom they are addressed. Persons desiring parcels to be re-directed, as well as other postal packets, should fill up two re-direction notices, one for parcels and one for other postal packets. If the ordinary request for the re-direction of letters be alone filled up, parcels will not be forwarded. All parcels are liable to charge for re-direction. Government parcels and parcels for soldiers and sailors not excepted.

REGISTRATION AND COMPENSATION.

The ordinary registration fee for each inland letter, parcel, or other postal packet, is 2d.

The Postmaster General will (not in consequence of any legal liability, but voluntarily, and as an act of grace), subject to the rules hereinafter mentioned, give compensation up to a maximum limit of £5 for the loss and damage of any Inland Registered packet upon which this fee has been paid, in addition to the postage. Subject to the same rules he will grant compensation beyond £5 and up to a limit of £50 upon prepayment of a fee in addition to the postage and the ordinary registration fee. The scale of fees and the respective limits of compensation are as follows :—

Fee.	Limit of Compensation.	Fee.	Limit of Compensation.
2d	£5	7d	£30
3d	£10	8d	£35
4d	£15	9d	£40
5d	£20	10d	£45
6d	£25	11d	£50

INSTRUCTIONS FOR REGISTRATION.

Every article to be registered must be given to an agent of the Post Office, and a certificate of posting, bearing thereon an acknowledgment that the fee for registration and compensation

has been paid, must be obtained. This certificate will be filled up and signed by the officer of the Post Office receiving the Postal Packet. The packet must on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of 8d (less any amount prepaid for registration), instead of the ordinary fee.

The contents of the postal packet must be packed and enclosed in a reasonably strong case, wrapper, or cover, fastened in a manner calculated to preserve the contents from loss or damage in the post, and to prevent any tampering therewith. If it be desired to secure compensation for damage to a postal packet (other than a parcel), such postal packet must bear the words "Fragile, with Care." These words should appear on the face of the cover above the address. Any officer to whom a postal packet is tendered for registration is instructed to refuse to register it if the packing thereof is in his opinion obviously such as to afford inadequate protection to the contents. But the Postmaster General does not assume any liability as a consequence of the registration of a postal packet afterwards found to have been imperfectly packed.

The packet must be marked with the word "Registered," and with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus :—

Registered, 2d ; Registered, 3d ; and so on.

When several postal packets are sent by the same person for registration, they should be accompanied by a list (in duplicate) of the addresses ; one list to be retained in the Post Office, and the other, when signed, to be returned to the bearer.

COMPULSORY REGISTRATION.

The loss of a registered article (as it can be traced through its whole course) is a rare occurrence, nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered, as the machinery of the Department is not arranged with a view to such transmission. If sent *unregistered*, valuable articles are exposed to risk ; consequently, inland postal packets which contain coin, watches, or jewellery, and also all inland postal packets on which the word "Registered," or any word or phrase to that effect, is written or impressed, if posted without registration, are subjected to compulsory registration, and are charged on delivery with a fee

of eightpence in addition to the ordinary postage. If they cannot be registered in time to be forwarded by the Mail for which they are posted, they are detained for the next despatch.

REGISTRATION BY TOWN AND RURAL POSTMEN.

No Town Postman is allowed to take a postal packet to be registered; but Rural Postmen will take postal packets for registration on their outward and inward walks, whenever it is practicable for them to do so.

WATCHES, JEWELLERY, AND MONEY.

The registered Parcel Post is available for watches and jewellery. Money may also be sent in a registered parcel, but no compensation will be given in respect of the loss or damage of such parcel or of any of its contents.

POST OFFICE EXPRESS DELIVERY SERVICES.

There are three systems by which Letters and Parcels can be specially delivered, namely:—

1. By Special Messenger all the way. This is the most rapid Service, and to secure it. Letters, etc., must be handed in at an Express Delivery Post Office.
2. By Special Messenger after transmission by post. For this Service a Letter may be posted in any Letter Box, from which it will be collected by a Postman and be expressed on reaching the proper office.
3. By Special Delivery in advance of the ordinary Mails. By this means any person may make an arrangement with the local Postmaster to secure the immediate delivery of his own correspondence on its arrival.

SCALE OF CHARGES.

For a Letter, Packet, or other article not exceeding 1 lb. in weight the Express fee (inclusive of charges for omnibus, tram-car, railway, &c.) is:—

For every mile or part of a mile - - - - 3d

For a Letter, Packet, or other article over 1 lb. in weight, the Express fee is:—

For every mile or part of a mile - - - - 3d

For every lb. or part of a lb. beyond the first lb. 1½d

(Ordinary Postage is not charged).

**SPECIAL DELIVERY OF LETTERS, &C., IN ADVANCE OF THE
ORDINARY DELIVERIES, AT THE REQUEST OF ADDRESSEE.**

Persons or Firms who desire at any time to receive their Letters, or other Postal Packets of any kind (including Parcels, Book and Sample Packets, Newspapers, and Circulars), in advance of the ordinary delivery, may have them delivered by Special Messenger on payment of the following fees, viz.:—

The full Express Fee of 3d a mile as for one Packet, and 1d. for every 10, or less number, of additional Packets beyond the first.

Applications for such special delivery must be signed by the Person to whom, or Firm to which, the Letters or Postal Packets in question are addressed. Forms of application may be obtained at any Post Office from which Letters or Parcels are delivered, and also from the more important Branch and Town Sub Post Offices.

The applications should be addressed to the Postmaster or Chief Officer on duty at the Post Office from which the Letters are ordinarily delivered. Where possible, it should be delivered at the Office by hand; but where this cannot be done it may be handed in at any Post Office or posted in any Letter Box in the District served from the Office. In the latter case the postage should be prepaid by means of a penny stamp affixed to the outside of the form. Care should be taken, however, that the application reaches the Office on the previous evening, if it is intended to apply to the early delivery in the morning, and, if to other deliveries during the day, an hour at least before the time at which the delivery by Postmen commences.

The Express Fee on at least one Packet must be prepaid in stamps affixed to the application. All additional Fees must be paid to the Special Messenger on delivery.

If no Letters, &c., for the address given are found, a Special Messenger will be sent to inform the applicant to that effect, and the Express Fee will be retained to pay for this service.

ACCEPTANCE OF EXPRESS PACKETS BY TELEGRAPH MESSENGER.

A Telegraph Messenger, on delivering a telegram, may, if desired, take back to the Post Office where he is employed a Postal Packet for Express Delivery. The charges must be prepaid by the sender. The Express Fee for such service will be charged as from the residence of the sender and not from the Office where the Messenger is employed.

LIVE ANIMALS AND LIQUIDS.

Living animals, although excluded from the ordinary Post, can be accepted for express delivery, under this service, if confined in a suitable receptacle, subject to the ordinary fees for mileage and weight-charge. A dog furnished with a proper collar and chain may also be, at the discretion of the Postmaster, taken to its address on payment of the mileage charge, in addition to any charge that may have to be paid for the dog in respect of its carriage by public conveyance.

Liquids are also accepted, although contained in glass bottles, provided the bottles are properly closed and that the packet bears some such label as "Liquid" or "Fragile, with care."

ADDRESSES AND PETITIONS TO QUEEN AND PARLIAMENT.

Petitions and Addresses forwarded to the Queen are exempt from Postage. Members of either House of Parliament may also receive by post Petitions and Addresses to Her Majesty, and Petitions addressed to either House of Parliament, not exceeding 2lbs. in weight, exempt from postage, provided such Petitions and Addresses be sent without covers, or in covers open at the ends.

POST OFFICE SAVINGS BANK.

1. Post Office Savings Banks are established at all Money Orders Offices in the United Kingdom, and are open for receipt and payment of money daily during the hours appointed for Money Order business.

2. At these banks deposits of one shilling, or any number of shillings, will be received; but no one may deposit more than £50 in one year ending 31st December, or make a further deposit when the total amount standing to his credit has reached £200, inclusive of interest.

3. Interest at the rate of £2 10s per cent. per annum (which is at the rate of sixpence in the pound for each year, or at the rate of one halfpenny on each complete pound for each month, reckoning from the first day of the calendar month next following the day on which a complete pound has been deposited, up to the last day of the calendar month preceding the day on which the money is withdrawn) is allowed until the sum due to a depositor exceeds £200, when interest is allowed on £200 only.

SAVINGS BANK WITHDRAWALS BY TELEGRAPH.

Payment of any amount not exceeding £10 can be effected by Telegraph, or of any amount not exceeding £20 by Return of Post in reponse to a Telegram.

The commission thus paid must be affixed in Postage Stamps to the back of the order.

INLAND TELEGRAMS.

The charge is 6d for the first 12 words, and $\frac{1}{2}$ d for each additional word. Addresses are charged for.

POST OFFICE TELEPHONE EXCHANGES.

In any town where a sufficient number of wires are led into the Head Postal Telegraph Office, the Department is prepared to provide a means whereby any two wires may be joined together at will, in order that messages may be transmitted by one renter to another *direct* without the necessity for repetition at the Postal Telegraph Office. The wires then become Telephone Exchange wires.

The following are the rates of charge per annum, including the rental of a telephone at the subscriber's office :—

Double wire not exceeding a quarter mile	...	8	0	0
Do. do. do. half a mile	...	10	0	0
Do. do. do. three-quarter mile	...	12	0	0
Do. do. do. a mile	...	14	0	0

The charge to the general public for conversation with Post Office Telephone subscribers in the same town is threepence for not more than three minutes' conversation.

TRUNK LINES.

Where Post Office Telephone Exchanges in different towns are connected by Trunk lines, such lines may be used for conversation by local subscribers and the general public on payment of the following charges :—

For 25 miles or under	Threepence

Special rates are charged where submarine or other specially expensive lines are used.

The same charges are made to a subscriber to a Telephone Exchange worked under license from the Postmaster-General, and connected with the Post Office Trunk system. But when the conversation is between such a subscriber and a subscriber to a Post Office Telephone Exchange, in either direction, the following additional charges, which also apply to conversations between call offices, are made :—

For each period of
3 minutes.

When the Trunk Wire charge for
three minutes' conversation
does not exceed 1s 6d 3d

When the Trunk Wire charge for
three minutes' conversation ex-
ceeds 1s 6d, but does not exceed
3s 4d

When the Trunk Wire charge for
three minutes' conversation ex-
ceeds 3s 6d

The period of conversation is limited to three minutes, but any person may secure an uninterrupted use of a Trunk line for six minutes by prepaying a double fee.

A deposit to cover the charges for Trunk wire conversations is required to be made.

A list of the charges for Telephone Trunk wire conversations from any town connected with the Trunk Wire system can be obtained at the local Post Office, or on application to the Secretary, General Post Office, London, E.C.
